

How To HAVE YOUR OWN FREE BEER FRIDAY!

① Check your extra cash / employee Ratio.

Lookin' good? Move on to step 2

If not you can balance this by making extra cash

② Get your newest hire to make a beer run. If no new hire is available take a few employees out for tacos and pick up some beer on the way back to the office.

For the taco option it's usually best to buy the beer at a sketchy convenience store

③ If newest hire bought crappy beer make fun of them. but drink it anyway.

If they selected well go to step 4

④ Load beer into office fridge. *EASY*

⑤ At 3:30 Play Beer Announcement over loudspeaker

Download ours at z-comm.com/play

⑥ Drink Beer → ⑦ Do your timesheets. (Management Hand)
